Service Temperature

Service Temperature [Min]	-40 °C -40 °F
Service Temperature [Max]	65 °C 150 °F

Features and Advantages

Features and Advantages	 Superior Rubber Compounds - Tigerflex[™] uses specially engineered compounds which provide the ideal combination of excellent abrasion resistance, light weight, flexibility, static dissipation and superior long-lasting durability. Static Dissipative Tube - Specially formulated to help prevent the build-up of static electricity for added safety and to help keep material flowing smoothly. "Cold-Flex" Materials - Hose remains flexible in sub-zero temperatures. Convoluted Outer Cover - Provides increased hose flexibility.
