

Flat Face Series Protective Caps and Plugs

Series: Protective Plugs

These are useful accessories which prevent dust, water or mud from entering the quick couplings and lengthen their lives. This is particularly important in the building industry in general and in earth moving, where large quantities of materials such as sand, earth, etc., are moved.

- Material: PVC/rubber blend for flat face, and poppet series
- Material: aluminum of IVHP, VP, VEP series
- Nylon flip caps available on flat face
- Color: red is standard with options for black, blue, yellow, green, etc.
- In the description, F is the designation for the coupler, M is the designation for nipple
