

WAIT NO MORE— WE WILL BUILD IT FOR YOU

When your dash lights up like a Christmas tree, you need help. Being at idle while you wait for a hose or parts to be shipped to you can be frustrating and costly. But, what Hose & Rubber Supply is great at is having what you need, when and where you need it. We'll get you back on the road. We have a history of getting things rolling with quality assemblies and hose fittings. Keeping your operation running smoothly is downright essential to the health of your business and we know it. Let us help when problems strike. We'll be there for you. You can count on us.

TAKE ADVANTAGE OF OUR DECADES OF EXPERIENCE...NOW!!

Whether you need to fix a hose or fuel-injection-line problem in the middle of winter, keep you or your drivers cool on a blistering summer day, or restore brake hose assemblies any time, you'll never find a better bunch of guys and gals ready and able to help. That's what we do. The harder the job, the more you'll appreciate Hose & Rubber Supply! Get that rig back on the road and making money for you.

KEEP YOUR RIG ROLLING & YOUR LIVELIHOOD GOING

America's trucking industry is key to our nation's transportation needs. Can you imagine getting America's raw and finished goods to market without their dedication and expertise? We not only appreciate doing business with the trucking industry, we appreciate what truckers do for all of us. Thank you for the opportunity to serve you and keep you on the go!

1. ARE YOU PREPARED FOR PROBLEMS UNDER THE HOOD?

Your engine is the heartbeat of the rig you drive. Together you form a team that delivers. Keeping it powered, cooled, and efficient means tough silicone heater hoses, turbo hoses, power steering lines, hump hoses, and injection lines. We can fabricate from your part sample, and get you on the way quickly.

Ask about these: • Silicone Hose • Radiator Hose • Heater Hose • Power-Steering Assemblies • Hump Hoses • Turbo Hoses & Specialized Clamps • Fuel Injection Lines

2. HOW'S THE CLIMATE IN YOUR CAB?

When the driver's hot, ain't nobody happy, and that's something nobody wants! Providing quality A/C lines and repairing A/C hoses are particular specialties that we're known for. Let our experts provide the most reliable, cost-effective parts for you. Come in and chill while we fix your cool. You'll be glad you did.

Ask about these: • Air Conditioning • Tubing Control Lines

3. REMEMBER THE TRAILER AND BRAKES!

Losing brake pressure puts the skids on everything. We stock DOT push-to-connect tubes (in multiple colors, yet!) and nickel-plated brass fittings, as well as rubber air brake lines. Glad hands and glad hand hose assemblies round out a selection of hose items to keep you up and running.

Ask about these: • Glad Hands • Glad Hand hoses • DOT Push-to-Connect Tubing (colors available) • Nickel-Plated Brass Fittings • Rubber Air Brake Hose
