

## CONTRACTOR HOSES. AT THE READY.

With the largest stock of contractor hoses, fittings and couplings, we can get you what you need to put water on the move.

## TAKE ADVANTAGE OF OUR DECADES OF EXPERIENCE...NOW!!

Water, water everywhere—what to do with it? Do you keep it where it is or move it from where it is to where you want it? You need to decide, and when you do, look to us to help you make a plan and suggest how to carry it out. We have the experience and the inventory, including the hoses and the connections, to help you do just that. Or we can build custom assemblies so that you'll have exactly what you need when you need it, regardless of your brand of equipment.

## MOVING WATER. WHERE YOU NEED IT. WHEN YOU NEED IT.

Whether You Are Facing a Work Site That's Completely Flooded, or Dry Ground Waiting for Water,  
**TRUST OUR HOSES TO BE THE PERFECT QUICK CONNECTION FROM PUMP TO DESTINATION.**

In trickles or tidal waves, water can be your best friend or worst enemy. Channeling water to where you need it can be hard to do. But, for decades, our team has helped others do such things efficiently and

economically. We'll help you get it flowing full force. **Pumper trucks, agricultural and pivot lines, contractor water trucks,** and many others depend on moving water to where you need it—and away from where

you don't! **Solutions? We've got 'em,** plus the connections to get and keep your work moving. **Did you know that, often, a simple coupler can renew your old hose?** We can help you with

this and scads of other situations with everything from large fire-hydrant connections to the smallest camlocks—and more. Connect with us to get your fittings right and save a bundle.
