BUILD AND REPLACE YOUR OWN HOSE ASSEMBLY

Power Crimp

The most precise, yet simplest crimper made. The first of its kind with electronic digital readout to indicate crimp diameter setting. Crimps low-pressure return lines to high pressure spiral hoses, from 3/16" to 1-1/4" I.D. Crimps straight and bent tube stems, plus 45 and 90 block types. Swage cap

Mobile Crimp

The latest in high-tech crimping. Portable and lightweight – only 57 pounds – but powerful enough to crimp up to 1-1/4" I.D. 4-spiral-wire hose. Great for jobs in the field. Two control options for versatility, plus digital accuracy for precise, consistent crimping.

YOU NEVER KNOW WHEN A HOSE WILL BREAK. *WHY NOT FIX IT YOURSELF AND SAVE!*

We will help you figure out your future needs and install our On-Site Inventory Control System at your service truck or location. Be ready to replace hose assemblies when needed. You'll be amazed at the benefits of having a crimper on site to fix untimely and costly hose failures!

You will save time and money each time you fix a hose assembly. How's that for keeping downtime to a minimum!

LET US PROVIDE A GATES CRIMPER WITH OUR **FREE-LEASE PROGRAM.**

That's right. Based on the On-Site Inventory Control System(s) you choose, we'll lease you, free of charge, any of these top-quality Gates crimpers. With our excellent hydraulics training, your people will soon be using your crimper safely.

With a little help from your friends at Hose & Rubber Supply, you'll be able to fix problems when they happen with less downtime. Plus you'll be increasing production, saving money, and increasing profits.
